COVID-19 REPORTING

The Barren River District Health Department is glad to announce that every county in the Barren River District is now experiencing low levels of COVID-19 community transmission. Due to this improvement, we will no longer be providing county specific COVID-19 data each Friday. BRDHD will continue to share the Community Level Map provided by the Kentucky Department of Public Health on our social media accounts and website weekly. BRDHD's Communicable Disease team will remain diligent in monitoring COVID-19 data. As always, please reach out with any questions or concerns at <https://www.barrenriverhealth.org/contact-us>. For more information on the Community Level Map, please visit <https://www.cdc.gov/coronavirus/2019-ncov/your-health/covid-by-county.html>.

We strongly encourage everyone who is eligible to get the vaccine do so as soon as possible. The COVID-19 vaccine is available at multiple locations in the area. To find a vaccine near you, visit <https://www.vaccines.gov/search/>. If you are 18 years of age or older and would like schedule vaccination with the Barren River District Health Department, call your local health department and press option 1.
